

PROTECTIVE LEXAN™ SHEET SOLUTIONS FOR SCHOOLS & UNIVERSITIES

SCREENS BARRIERS AND PRIVACY SEPARATION WALLS

As economies across the world open up and schools and universities might continue their classes after the summer holidays, we would like to share some product solutions that may help to better safeguard and protect the health of your students and teachers.

Protective screen barriers and privacy separation wall solutions could help to protect the health of children, young-adults and teachers in their school environment. Typical applications could be; classrooms, lecture halls, libraries, canteens, food counters, sport facilities, recreation and waiting area's.

POTENTIAL BENEFITS

HIGH IMPACT STRENGTH

The protective sheet materials will enhance the safety at schools and will not break during impact.

LIGHTWEIGHT

This feature makes it easy to move partitions in class rooms around.

HIGH TRANSPARENCY

Providing protection against COVID-19 while continuing having an open atmosphere in classes.

FIRE SAFETY*

Our products meet stringent fire and building codes for each state.

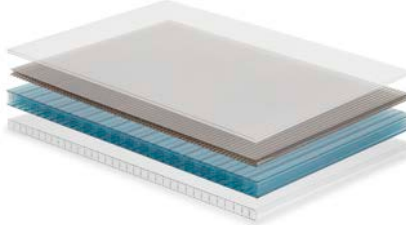

EASY TO CLEAN

You can easily clean the sheets by using luke-warm water and a mild soap solution.

* Please check with your local SABIC representative for a list of LEXAN™ Polycarbonate sheet products, that meet the US & Canadian building code fire requirements for ASTM E84 and ULC S102.2 Class A and ASTM D635 CC1.
